

**Subject Matter Explanation Of Invention:**

Heatball is a new game and sport, played on a variety of court shapes.

Players may play on foot or wear roller blades, or ice skates, or play with skateboards . Players dribble the ball throw and pass the ball, with the objective of Scoring, by placing the ball inside the baskets. Baskets may be placed In the center of the court, or any other area designated by inventors.

**Statement Under Perjury :**

Juan Carlos Miro and Hugo Del Campo hereby swear under a statement of Perjury that we are the only true and sole inventor's of the game Heatball. We swear all statements and information summitted in this addendum as well as information summitted in utility patent application to be true.

**Juan Carlos Miro**

**Small Entity Declaration:**

**Hugo Del Campo.**

Juan Carlos Miro and Hugo Del Campo hereby swear under a statement of Perjury that we are not and where not paid by any entity or any government Agency to develop or invent this sport and we where not a part of any entity Or Corp. During the time we where working on this invention.

**Juan Carlos Miro**

**Hugo Del Campo.**
